Committee Reports

CMA Board Meeting

Coolfont Mountainside Association

Coolfont Mountainside Association Water & Sewer
Board of Directors Meeting

April 14, 2025, 7:00pm

AGENDA

I. Roll Call – Proof of Quorum

II. Approval of Minutes

a. March 15, 2025

III. Reports of Officers and Directors

a. President's Report
b. Vice President's Report
c. Treasurer's Report
d. Directors' Reports

IV. Operations Manager Report, Cathy Levey

a. Water
    i. Activities & Updates
b. Sewer
    i. Lagoon Liner Project
    ii. Other Activities & Updates
c. Project List
    i. Septic Survey – (*See section V.d)*

V. W&S Funding, Cindy Kelleher

a. Weinberger and R Reservoirs Refurbishing - Estimates, funding, and timing
    i. NRWA Loan and financing $42,425 - Status
b. WSPSD Contract Renegotiation - Status
c. WS D-1 Operator position - Status
d. Septic Maintenance Policy Revisions (based on gallons) – Status

VI. Owner Forum

VII. Executive Session (held prior to open session)

a. Delinquency Report

VIII. Adjournment

Next Meeting – May 3, 2025

Coolfont Mountainside Association – Water & Sewer
Board of Directors Meeting – April 14, 2025
Financial Report

Submitted by Dawne Holz, CMA Treasurer

Overview

The financial reports as of 03/31/25 are attached and cover 25% of the budget year. Expenses are under budget at 19.5%.

Accounts

2024 Q4 Billing

- One account is still unpaid. Will call owner and if not paid will send Service Termination Notice.

2025 Q1 Billing

- Invoices sent. All but 8 accounts paid. Late fees posted and invoices sent on April 2.

NWRA Loan

- Automatic debit payments are working as expected.
- Requested updated amortization schedule to be sure QB is accounting correctly.
- Loan payments are split between the loan liability and interest expense. The interest expense appears on the annual operating budget on line 775. The principal remaining on the loan is shown as a liability in the Balance Sheet report. Principal payments are not included as an expense on the monthly operating budget reports but should be considered when looking at total expenses.

Monthly Updates

Updates include details of attached reports as of the end of the previous month.

December/January:

- Updated budget based on new tariffs circulated to WS Committee and Board on 1/5/25 for discussion and approval.
- Will set up the new 2025 budget in QuickBooks when approved. Still working to close out 2024.
- The mileage rate increased from 67 cents/mile to 70 cents/mile (IRS business mileage rate).

January

- All budget lines running about on track.

February

- There are no line item updates.

March

- Expenses are running on track. No updates.

CMA Monthly Status Report

Committee/Task Force: Water and Sewer Operations Manager's Report

For Month/Year: April 2025

As of: April 10, 2025

Submitted By: Cathy Levey, W/S Operations Manager

Questions / Discussion Points / Approvals Needed (for the Board)

None

Monthly Report

Water:

Since the repairs were done at the L Section and P Section water lines (3/6 and 3/7), pump- on hours on each water system have dropped significantly. Currently monitoring a number of small leaks bi-weekly with efforts to further isolate those leaks in preparation for when repairs are needed.

The pressure reducing valve in the I Section was replaced on 3/31/25 with no further complaints of water pressure issues. Flushing of nearby blow off's is ongoing to facilitate the clearing of air from the lines and reduction of cloudy appearance.

Maxwell Reynolds, the new water operator trainee, started work as of March 17 and has been training 10 hours per week. We are working towards taking on some of the tasks WSPSD has been assisting with outside of the daily chlorination of the water. Max is currently studying to take the test for 1-D certification.

Sewer:

Reminders have been sent out for the month of April for those homeowners who are due to have their septic tanks pumped, with septic pumping ongoing.

CMA Monthly Status Report

John Disanto, the contractor for the lagoon liner, has been onsite since April 2 to continue to empty the lagoon of grey water and oversee pumping of the sludge. Glen's Septic has been trucking sludge by way of one to two trucks per day, totaling 20 truckloads thus far. Weather continues to prove a great concern. Much of the grey water has been pumped to the wetlands and with the amount of rain we are experiencing, there is little to no room remaining in the wetlands to add additional grey water/rain accumulation without risking a spill. Despite John's efforts to channel the water away from the sludge, Clayton, of Glen's Septic, has opted to wait until next Tuesday/Wednesday to take anymore truckloads, stating the sludge is simply too wet for farm application. Dry weather will go a long way in supporting further progress! It looks as if there is still about 50% sludge remaining to be removed, however, it is difficult to accurately assess with the ongoing rain.

CMA Monthly Status Report

Committee/Task Force: *Water and Sewer Funding Research Report*

For Month/Year: *April 2025*

As of: April 7, 2025

Submitted By: *Cindy Kelleher, Committee Member*

Questions / Discussion Points

Finance Approval for the Reservoir Rehab Renovation Project. Committee is working on a grid with options for the Board.

Monthly Report

- **The Lagoon Liner** project is moving forward with a 5/31 completion date.
- **Water Tank Rehab**
  - NRWA has approved a low interest loan for 10 years and 3 %. See above.
  - Project Contingent on Access Road Repair
  - Start mid to Late May with approval.
- **Warm Springs PSD Contract**
  - Waiting for feedback on two outstanding issues with WSPSD.
  - Next Step
    - CMA Board Approval
    - WSPSD Board Approval
    - Submit to WVPSC w/ approvals
    - Both Parties execute
- **Staffing**
  - Hired Maxwell Reynolds.
- **Septic Policy** in final phase of review.

Next Meeting – May 3, 2025

Coolfont Mountainside Association
Board of Directors Meeting – April 14, 2025
Financial Report

Submitted by Dawne Holz, CMA Treasurer

Overview

The financial reports as of 03/31/25 are attached and cover 25% of the year. Expenses are just over 20% with 92% of income collected.

Meetings

There have been no Finance Committee meetings since the last board meeting.

Delinquent Accounts

There are three unpaid 2025 assessment accounts. Late fees and finance charges applied, and statements mailed and emailed. See separate Delinquency Report.

Updates

Updates include details of attached reports as of the end of the previous month.

December/January

- Set up new 2025 budget in QuickBooks. Still working to close out 2024.
    - BTM will complete transfer from CMAWS for final payroll
    - BTM will reallocate other payroll items to CPO and Pool Attendants, as appropriate.
    - Waiting on any final 2024 invoices.
    - Set up memorized QB transfers for CMA and CMAWS for reserve funds, respectively.
- Finance Charge rate (interest rate) updated to 10.5% for 2025 (Prime 7.5% + 3%)
- Mileage rate increased from 67 cents/mile to 70 cents/mile (CMA uses IRS business mileage rate). Updated Neighborhood Watch mileage spreadsheet with new rate for 2025, though no reimbursements have been requested since April 2024.
- Invoices for 2025 Annual Assessments were sent out on 1/1/25. About 25% of owners have paid to date. Reminders will go out on/about 1/15/25 and again just before the deadline of 1/31/25. Late fees will be applied after Feb 1.

January

- 2024 Report: Still two corrections to make:
    - 750 Misc Operation belongs under 443 Pool Attendants
    - 66000 Payroll Expenses to be reimbursed from WS
- 550 Storm Water maintenance expense will be moved to Reserves
- 66000 Payroll shows a credit, as the 2024 WS transfer was posted on 1/8/25
- 762 Payment Processing fees are paid mostly in January as assessments are received

February

- Late fees applied to outstanding accounts per C&Rs. Statements mailed to owners.
- 540 Snow Removal budget is exhausted. Hopefully, no additional plowing will be needed this year. Still better than last year!
- 795 Reserve Study, we sent 50% deposit to get Reserve Update work started.
- PayPal donations of $300 from 2022 event transferred from PayPal to 381 Misc Income (for social events)

- Payment processing fees running under budget as more owners opted for ACH/Direct debit with lower fees.

March

- Finance charges applied to outstanding accounts on 3/31. Statements emailed.
- 645 Mail Center Maintenance is up due to clearing/treating ice around center, issuance of keys, and lock changes. This is mostly offset by 381 Misc Income which includes the $150 one-time fees collected when a new box is issued.
- 66000 Payroll will be reimbursed from WS in April.

Reserve Study Update

- Met with engineer from Reserve Advisors in late March. Went over updates needed to Study. Provided Reserve expenditures for past five years. Draft of update due in 4-6 weeks.

MOUNTAIN HOME REAL ESTATE, LLC

Berkeley Springs, WV 25411
Phone: (304) 258-0410

MONTHLY STATUS REPORT FOR December 2024
As of: 04/11/25

Questions / Discussion Points / Approval from CMA Board:

(1) CMA Board is aware of repeat offender trash issues, site manager has been working with the owners, all owners have been communicating and taking corrective action. There are issues with the contractors the owners have performing the trash collection work and the workers not doing the trash removal to standard, the owners are calling people to take care of the trash and also want the problem resolved.
(2) The site manager is budgeting $9,000 for tree removal out of a $15,000 forestry budget before repaving tennis courts and moving playground equipment to the game court area when funds become available for the tennis court project.
(3) Request any committees or CMA Board that want any updates, positive or informative messaging communicated in a graphic format to the google groups to send site manager bullet points to develop graphics.
(4) Drafted annual gravel road plan for realistic preventative maintenance and cost to grade and gravel roads each year and to clean and maintain ditches and culverts, current plan does not include the paved roads.
(5) Looking into Adobe Illustrator for culvert and road map projects, may request CMA to purchase a user profile.

Pending Tasks:

- Work with community committees to provide updates to community in a positive manner on google groups started with Firewise and Pool Committees
- Obtaining an estimate for tree removal, about 25 trees that can fall on the roads that need to be cut down.
- Brian Yost is working on road work on a monthly basis: Whippoorwill, Woodpecker, Bobcat, Daffodil Terrace, Frog Hollow and Buckwheat Court road and ditches were worked on. Gopher Trail and Cardinal Lane potholes were filled. Brian is continuing with monthly preventative road maintenance.
- Drafting a short and long term paved road maintenance plan.
- Culvert list and storm water ditch list is being put into 2 community maps so an annual, 3 year and 5 year plan can be put in place marked with priority areas.
- The site manager has been allocated $20,000 in reserve funding and at the January 2025 meeting it was agreed that the remainder of funding can be used to clean ditches and repair culverts and the site manager will report monthly progress to the board. *Priority issues to start with: clear culvert and improve ditch area near O-6, clean ditch in front of H-4 and Woodpecker Lane, clean the crushed culvert at the entrance of Woodpecker Drive, clear the clogged culvert at A-5, clear Bluebird Lane culvert. About $2,000 has been used so far.*
- Gravel will be ordered when the lagoon project is completed and heavy equipment is off the community roads.

- Assess gate at lagoon entrance when lagoon liner project is complete
- Sign for Lagoon Road
- Assess parking spaces at the end of Dogwood Lane for Trail
- Gravel for Bobcat trail could use another 30’ or so of gravel on the upside of Bobcat

Tasks Completed:

- Firewise committee met, education campaign for preventative fire safety measures was drafted and is being sent on google groups
- 9 speed bumps were painted
- 3 stop sign lines were painted
- new refrigerator delivered CMA office
- Normal site manager duties - upkeep of grounds, mowing, emergency tree removal response, upkeep and maintenance of facilities, snow removal
- trash liaison for community to promote owner responsibility and positive communication
- Messaging for pool clean up day
- Replaced tetherball at playground
- Attended reserve study planning meeting
- Attended game court contractor meeting for overlay court (not recommended)

Firewise report

1 message

Mark Johnson <mfjrunbike@gmail.com> Sun, Apr 13, 2025 at 7:54 AM
To: Valerie Creason <valerie.creason@gmail.com>

Valerie,

Good morning.

I may not be able to attend tomorrow's Board meeting. In the event that I don't, here's a brief report from Firewise.

1. On April 11 Stephanie sent out Fire Prevention information to the CMA membership. It included important and essential measures that everyone should be aware of. I am restating it below. It would be good to have this added to the CMA site within the Firewise section.

Fire Prevention and Safety Measures for Coolfont Mountainside Owners

Defensible space is a buffer zone, 50 feet around a home, designed to reduce the risk of wildfire spread and protect structures by clearing flammable vegetation and creating a fire-resistant landscape. Defensible space acts as a barrier to slow or halt the progress of a wildfire, making it easier for firefighters to protect homes and property

- **Clearing Flammable Vegetation:** This involves removing or trimming dry grass, brush, and trees that can easily ignite and spread fire.
- **Spacing Trees and Shrubs:** Ensure adequate spacing between trees and shrubs to prevent fire from spreading rapidly through the canopy.
- **Using Fire-Resistant Materials:** Consider using fire-resistant materials for roofing, siding, and decks.
- **Clean Gutters:** Make sure they are not clogged with a trail of leaves
- **Campfires:** Before starting a fire, check the weather forecast for wind speed and direction, and consider rescheduling if winds are high, more than 15 mph
- **March 1 – May 31 is peak fire season.** The humidity is down, leaves are down, and temperatures are up. No burning from 7 PM until 5 PM.

If your fire escapes, landowners are liable for the cost of fighting the fire and any damage the fire may cause to others!

2. In early May I plan to send out a request to the membership for Volunteer Clean Up Hours. This is the form that that allows homeowners to record their time spent on outside clean up work around their home that can directly reduce the risk of a Wildfire. These efforts not only benefit the individual homeowner but also the entire community.

3. An important component to having to Firewise and Fire Safe community is that each homeowner makes sure their property is maintained to reduce the risk of fires.

Feel free to summarize.

I will try to make the meeting but might have a conflict.

Thank you.

Mark Johnson

CMA Monthly Status Report

Committee/Task Force: *Recreation: Trails & Sports Courts*

For Month/Year: *March 2025*

As of: 4/9/25

Submitted By: *Chris Peabody – S5*

Questions / Discussion Points / Approvals Needed (for the Board)

1. Ongoing need to keep funding for the Sports Courts Renovation (~$180,000) on the front-burner of the Board.
2. The steps on the White trail on Bobcat going down the hill are in need of some improvement/stabilization. It's a bit beyond my capabilities, perhaps Stephanie could get some bids to shore them up properly. I don't believe it's a huge project, and I'm not sure if they can be improved or need to be replaced (which sometimes is easier). Need's a professional opinion.

Monthly Report

1. Trails:
    a. I have not had the chance to use my blower to clear all the trails of debris. Last time was in late December. I did talk to a couple that said they were in great shape except for some trees that had fallen. I'll probably clear them in April.
    b. I have asked Stephanie to add some additional gravel to the entrance to the White Trail on Bobcat as you walk up the path towards the summit. There's a wet spring just to the left that makes it very sloppy. Gravel could be extended another 20 feet or so.
    c. I did install two new White Trail signs that we purchased in December with some remaining 2024 funds. One on Wintergreen Way (up side) that never had one, and on Bobcat (up side) that never had one.
        i. I have a 3rd one at my house, will probably replace the original one on Wintergreen Way soon that is starting to deteriorate.
        ii. I also re-stained and re-painted the letters on two of the original ones on Wintergreen way and Bobcat. Had some leftover stain, so I did the railing on the White Trail going down the steps from Bobcat.

iii. Pictures

New Wintergreen

New Bobcat

"Renewed" Wintergreen

"Renewed" Bobcat

2. Sports Courts Update:
    a. I got a note from Ian Wagner, who owns Wagner Sports, they gave us the bid last year to paint the sports courts after a new asphalt overlay. He shared that he had a potential new option for us that might save us some $$.
    b. Stephanie was able to join, but it was a quick meeting as we all agreed that it's not a good option for us. It's an overlay product, where they start by patching the large cracks w/concrete patch, then bond this 60' wide roll out sheet of what I'd define as "rubberized cork". It's probably a good option for more moderate temperature environments.
    c. Ian agreed that paving over our legacy courts w/2 inches of new asphalt is our best/long term option. He also shared that the price we got was an excellent price for repaving. Ian felt it would last 25 - 30 years, versus his "roll out" option which is more 8 - 10.
        i. He's booked for court repainting until next year at this point.
        ii. He felt that that milling out 1/2 of the courts would be expensive, mitigating any short term savings by only repaving 2.
        iii. He shared that over the long term, it's not very expensive he said to repaint, provided you do it on a regular basis, and that the difference between 4 courts being repainted and ~7 is fairly minimal especially if done periodically and we don't wait til they're in really bad shape.
    d. Playground move: Stephanie agreed with my thought that we could move the playground equipment over to the large grassy area behind the mailboxes.
        i. I was advised that periodically in the past that grassy area was used as overflow parking for CMA events. I don't see that as a mitigating factor in moving the equipment to this area.
        ii. WE SHOULD PROBABLY DO THAT IN ADVANCE OF SPORTS COURTS OVERHAUL.

e. It really seems that the best solution is to repave the entire area, add new poles for pickleball nets, leaving two of the tennis court poles in place where they are today, adding two basketball poles/backboards and painting the courts.
f. $175 - $180k should get everything done properly, provide a variety of sports options for the entire community, and last for 20-25 years if budgeted/ repainted periodically.

CMA Monthly Status Report

Committee/Task Force: Recreation - Pool

For Month/Year: March 2025

As of: April 14, 2025

Submitted By: David Creason, Pool Manager and Certified Pool Operator

Questions / Discussion Points / Approvals Needed (for the Board)

1. The Board needs to decide on process to charge for pool fees. The special meeting to discuss this is scheduled for May 2 2025 at 7pm, via zoom.

Monthly Report

GHS Excavating completed the pool equipment cage and propane tank access road, with a layer of shale topped with gravel.

GHS Excavating uncovered the leaking water pipe between the spa hose bib and the equipment cage. The existing pipe was polybutylene pipe, which was banned in 1995 due to high failure rates. This was the third break in the line in the last 2 years, so we decided to replace the entire line. We also added water diversion trenches, to be fill with gravel, to keep rain water and mud out of the equipment cage.

We also placed a buried electric conduit in the trench to run new lines between the service panel and the pool pumps and heaters. Shives Electric will provide an estimate to pull new wires and complete the connections.

Horst Fencing completed the expansion of the equipment cage with 12' high fencing and a new 48" wide gate at the rear. The barbed wire was repaired and continued around the entire cage perimeter. This work is necessary for safety reasons, add storage space, and to easy access to the cage.

This week, we will remove between 2 and 4 inches of soil in the cage area around the equipment and add gravel its place. The soil has been deposited during rainstorms over the years and is now interfering with the flow meters and the pumps. Adding the gravel will also keep the area cleaner and safer since it will eliminate muddy and slippery areas during rain.

CMA Pool Clean-up day is scheduled for May 10 from 10am to 1pm, with rain date May 17.

CMA Monthly Status Report

Committee/Task Force: Welcome Committee

For Month/Year: *4/2025*

As of: 4/8/25

Submitted By: *Rosemary Bigelow, Chair Welcome Committee*

Questions / Discussion Points / Approvals Needed (for the Board)

1. Has T-2 been sold? I haven't received a New Owner form and the directory still lists Francy Luscher as the owner but I saw someone there and working in the yard.

Monthly Report

I had a Newcomer's Visit with Mike and Kim O'Hara, new owners of K-16 on 3/22.25.
