Board of Directors Meeting – June 16, 2025 Financial Report

Submitted by Dawne Holz, CMA Treasurer

Questions for the Board

No questions, but making board aware of financial status

Overview

The financial reports as of 05/31/25 are provided and cover 41.7% of the budget year. Operating expenses are on track at 40.1%, income is 24.9%.

As of 5/31/24, there is about $32k in WS operating funds and reserves, but we have several outstanding board-approved expenditures to cover: $19k for reservoir road repairs; $14.5k final payment on lagoon liner; $6k on unbudgeted salary for the rest of the year; and a few other small obligations. Additionally, the utility is currently operating at a $27k loss through 5/31/25.

The 2025 Q2 WS billing went out on June 4. Total accounts receivable is $52,465. However, there may be a few leak adjustments, estimated at a reduction of about $2k - $3k.

This income should cover the operating expenses (~$45,482) through the next quarter, but it is not sufficient to also cover the current operating loss (unless expenses are very low). Hopefully, the billing for the next quarter (Jun – Aug), will help offset expenses as it is historically the highest usage and income. However, there are currently no remaining reserves or member's equity to fall back on for emergency, unbudgeted repairs.

Accounts

2025 Q1 Billing

Two accounts remain unpaid. Late fees posted and invoices sent on 4/2, 4/28, and 5/28. Last email reminder included notice of service termination if not paid by 6/26.

2025 Q2 Billing

Invoices sent out on June 4, 2025, and are due June 24, 2025.

NWRA Loan

Loan payments are split between the loan liability and interest expense. The interest expense appears on the annual operating budget on line 775. The principal remaining on the loan is shown as a liability in the Balance Sheet report. Principal payments are manually included as an expense on the monthly operating budget report.

Monthly Updates

Updates include details of attached reports as of the end of the previous month.

December/January:

- Updated budget based on new tariffs circulated to WS Committee and Board on 1/5/25 for discussion and approval.
- Will set up the new 2025 budget in QuickBooks when approved. Still working to close out 2024.
- The mileage rate increased from 67 cents/mile to 70 cents/mile (IRS business mileage rate).

Coolfont Mountainside Association Water & Sewer
Board of Directors Meeting – June 16, 2025 Financial Report

Submitted by Dawne Holz, CMA Treasurer

January

- All budget lines running about on track.

February

- There are no line-item updates.

March

- Expenses are running on track. No updates.

April

- 705 Water Electric is slightly over budget. Will keep an eye on this line item.
- Reports do not include April payment on NWRA loan. It was paid but had not been pos

May

- There are no updates to the operating budget, as line items are mostly within budget.
- Infrastructure obligations have exhausted the member's equity and Reserves-Plant Additions for the year, including projected contributions through December 2025.

CMA Monthly Status Report

Committee/Task: Water and Sewer Operations Manager's Report

For Month/Year: June 2025

As of: June 12, 2025

Submitted By: Cathy Levey, W/S Operations Manager

Questions / Discussion Points / Approvals Needed (for the Board)

None at this time

Monthly Report

Water System Report:

Since early May the operations manager and operator worked closely with the fiber optics subcontractor to mark water and sewer lines as needed to trench the fiber optics lines. Despite the best efforts, one sewer line and one 4" water main were hit for a total of three breaks. Repairs were done between the efforts of the crew from WSPSD, the subcontractor's crew (Distinctive) who provided excavation services, the support of the water department in town and the efforts of the CMA operations manager. The subcontractors on behalf of Frontier/ Verizon completed the trenching work as of May 23 and all heavy equipment has subsequently been moved offsite. An inspection of all areas impacted by their work indicated no concerns. The project manager for Distinctive has been sent an invoice by our W/S Committee Chair for the cost of labor and parts related to the three repairs.

The PSC annual report has been completed in coordination with Tom Close, at Close Accounting, and submitted.

Quarterly meter readings were done on June 3 with follow up on any homeowner concerns and leak adjustments, subsequently completed by our treasurer.

CMA Monthly Status Report

Pump hours on the South Water System remain high with multiple causes being investigated. The operations manager is currently working with WSPSD crew towards replacing a "lazy" float switch at Weinberger Reservoir, causing overfilling as much as 5" above full. Craig Miller, from the PSC, has been contacted for his assistance in locating a leak on a non-metered line (once the heavy rain episodes resolve.) Further isolating leaks in the A, L, N, and H sections are ongoing, with the assistance of the operator, towards the goal of repairs soon.

Reminder sent to contractor regarding scheduling the grading of the reservoir roads for the end of this month.

Wastewater:

We are currently looking at the demobilization phase of the lagoon liner project prior to making the final payment. The contractor has been notified that the grading around the edge of the liner at the berm needs to be packed and further graded (for reasons of safety, aesthetics and ease of mowing), the 15,000-gallon basin needs to be emptied, and all equipment, as well as the basin, needs to be moved offsite. His plan is to return in the last week of June to complete the final phase. Follow up by the operations manager includes fencing estimates, estimates for electrical rewiring and working with WSPSD crew to restore the UV System with new bulbs and subassemblies after the heavy discharge experienced during the lagoon liner project. Additionally, we will be looking at adding a 45-degree elbow to the effluent pipe to reduce the risk of any debris entering the pipe.

All septic services at the individual homes is up to date with reminders for July going out in mid-June.

Board of Directors Meeting – June 16, 2025 Financial Report

Submitted by Dawne Holz, CMA Treasurer

Questions for Board

1. Would like the Board's input on consideration of Professional Management Services.
2. Need Board approval of Reserve Study, with discussion on preference for funding plan.

Overview

The financial reports as of 05/31/25 are provided and cover 41.7% of the year. Expenses are at 36% of budget with 94% of the income collected.

Meetings

There have been no Finance Committee meetings since the last board meeting.

Delinquent Accounts

There are three unpaid 2025 assessment accounts. Late fees and finance charges applied, and statements mailed and emailed. Notice of pending lien mailed. See separate Delinquency Report. If not paid by June 30, we will file liens on the properties.

Violation Invoicing

At the direction of the Board, violations charges were invoiced on 5/28/25 to account for C-2: $250 for Excessive Noise Policy violation, 1st Offense; $250 for Discharge of Firearm within CMA, 1st Offense.

Updates

Updates include details of attached reports as of the end of the previous month.

December/January

- Set up new 2025 budget in QuickBooks. Still working to close out 2024.
- BTM will complete transfer from CMAWS for final payroll
- BTM will reallocate other payroll items to CPO and Pool Attendants, as appropriate.
- Waiting on any final 2024 invoices.
- Set up memorized QB transfers for CMA and CMAWS for reserve funds, respectively.
- Finance Charge rate (interest rate) updated to 10.5% for 2025 (Prime 7.5% + 3%)
- Mileage rate increased from 67 cents/mile to 70 cents/mile (CMA uses IRS business mileage rate). Updated Neighborhood Watch mileage spreadsheet with new rate for 2025, though no reimbursements have been requested since April 2024.
- Invoices for 2025 Annual Assessments were sent out on 1/1/25. Reminders will go out on/about 1/15/25 and again just before the deadline of 1/31/25. Late fees will be applied after Feb 1.

January

- 2024 Report: Still two corrections to make:
- 750 Misc Operation belongs under 443 Pool Attendants
- 66000 Payroll Expenses to be reimbursed from WS
- 550 Storm Water maintenance expense will be moved to Reserves
- 66000 Payroll shows a credit, as the 2024 WS transfer was posted on 1/8/25
- 762 Payment Processing fees are paid mostly in January as assessments are received

February

- Late fees applied to outstanding accounts per C&Rs. Statements mailed to owners.

- 540 Snow Removal budget is exhausted. Hopefully, no additional plowing will be needed this year. Still better than last year!
- 795 Reserve Study, we sent 50% deposit to get Reserve Update work started.
- PayPal donations of $300 from 2022 event transferred from PayPal to 381 Misc Income (for social events)
- Payment processing fees running under budget as more owners opted for ACH/Direct debit with lower fees.

March

- Finance charges applied to outstanding accounts on 3/31. Statements emailed.
- 645 Mail Center Maintenance is up due to clearing/treating ice around center, issuance of keys, and lock changes. This is mostly offset by 381 Misc Income which includes the $150 one-time fees collected when a new box is issued.
- 66000 Payroll will be reimbursed from WS in April.

April

- 850/855 Insurance payments are posted on one line, instead of split. Will be corrected on May reports. Overall, slightly over budget due to increased premium and adding cybersecurity coverage.

May

- CD 93831 matured on 5/19/25 and was renewed as 10-month CD at 3.92%, $52,482.71, matures on 3/19/26.
- Payroll expenses of $7,205.59 are for WS payroll and will be reimbursed at the end of the quarter.

Reserve Study Update

- Met with engineer from Reserve Advisors in late March. Went over updates needed to Study. Provided Reserve expenditures for past five years. Draft of update due in 4-6 weeks.
- Draft of Study received and reviewed by Finance Committee. Updated draft expenditure chart received.
- Second round of text edits sent to contractor on 5/31/25 to be incorporated. Nothing substantial (*i.e.*: Associations changed to Association)
- Need Board input on preference for funding plan (recommended or alternate). Need board motion for approval of Reserve study.

Professional Management

A member of the Finance Committee has volunteered to look into options for professional management of the Association. There are a few companies that will manage small associations like CMA and do business in WV. Professional management would provide day-to-day operations of the association in cooperation with the existing Site Manager. They would provide a dedicated manager to oversee contracts, invoicing, violations, hearings, budget, assessment billing, resale packages, collections, lien filing, and a plethora of other administrative tasks (including pool management if needed). Professional management provides the association with continuity that is sometimes lost when board members or volunteers leave. Need the board's opinion on whether to provide quotes for services at next meeting.

Questions / Discussion Points / Approvals Needed (for the Board)

1. No requests at this time
2. If there are policy changes, please provide a reasonable notification and time period to allow for messaging and a grace period to come into compliance, 90 days or more works best.
3. Request any committees or CMA Board that want any updates, positive or informative messaging communicated in a graphic format to the google groups to send site manager bullet points to develop graphics.

Monthly Report

Completed Tasks:

- Lot of storm rainy weather causing uprooted and down trees
- On the list to schedule tree removal in community with Keefer's Legacy Tree Service for tennis courts and 3 days of tree trimming in the community
- There are a number of trees in the lagoon area and around the community that have fallen due to storm damage that were cut up
- Maintaining grounds, structures and roads in the community
- Playground equipment was cleaned (mildew from rainy weather)
- Gravel was spread and potholes and ditches cleared from storm damage on Mountainside Loop, Woodpecker and Whippoorwill

Pending Tasks:

- Working on messaging with trash and trash prevention procedures
- Brian Yost is working on road work on a monthly basis.
- Drafting a short and long term paved road maintenance plan.
