

THE MOUNTAINSIDE NEWS

Volume 1, Number 1 January 1986

FROM THE EDITOR...

This newsletter, to be published at least every two months, will bring news of CMA Board and Committee activities and other items of interest. We also see it as a way for members to communicate with each other throughout the entire year. To that end, we contemplate a kind of OpEd page which will include your commentary or letters to the editor. The editor will, of course, exercise reasonable discretion in publishing materials received. Write about anything on your mind -- from the affairs of the Association to home maintenance tips for the winter to the celebration of the beauty of the mountainside.

Finally, we would like to take this opportunity to thank Alice Minnamon for putting together the "Mountainside Echo" for the past several years.

1985 ANNUAL MEETING

The CMA Annual Meeting was held on the afternoon of November 2, preceded by an informational meeting in the morning and a catered chili luncheon for the members hosted by the Halls (M-4). Total votes on record numbered

ANNUAL MEETING (cont.)

95, approximately 49 of which were proxies held by various members. Minutes of the meeting, prepared by Recording Secretary Elmer Broxson, will reach you soon.

SINCE THE ANNUAL MEETING

--Don Green has accepted the CMA President's request to form a group made up of all lawyers who are members of the Association to advise the Board.

--The President informed Sam Ashelman in a letter dated December 9 (copy sent to you) that the Association desired to continue discussions on the outstanding issues even though its Memo of Agreement to him had expired without a response. In this connection, the Board has carried out its mandate from the membership, appointing a fact-finding committee to advise the Board on CMA/CDC issues. The members are:

Lon Dring, Chairman
Herb Jasper
Diane Kaseman

/We have subsequently had a reply from Sam -- received the morning of the January 11 Board meeting. This document has been handed over

SINCE THE ANNUAL MEETING (cont.)

to the new fact-finding committee./

--The proposed amendments to the Covenants, which were presented at the Annual Meeting and then voted on by mail, have passed. The fiscal year has been changed to begin October 1st; the penalty interest on unpaid assessments has been raised; and restraints against business use by homeowners have been clarified. One of the important results of these changes is that renting of homes is now clearly allowed under the Covenants. Also significant is the provision for rules to be set up governing home business use.

RECREATIONAL FACILITIES

Stephen Crane and Carl Bostrom, new Co-Chairmen of the Recreational Facilities Committee, report...

"The Board toured CMA roads, water, sewer and recreational facilities on December 7. In terms of capital investment the recreational facilities have substantial needs -- more work is needed to complete the pool (landscaping and amenities); the tennis courts need resurfacing; the barn needs clearing and some repairs, including plumbing; and the long-planned campsites are still pending. The pasture was not examined but assumed to be in acceptable condition.

In view of our financial position, however, and the priorities

RECREATIONAL FACILITIES (cont.)

which must be given to our shaky utilities, it is possible we may be able to do no more than the absolute minimum of repair and maintenance to the recreational facilities this year -- and the same may be true of next year.

Attempts will be made to generate some revenue from rentals of the pasture ($500), barn and maybe the tennis courts. We realize that not all members will agree with an austerity program which would allow for no improvements and little upkeep of our recreational facilities in the next two years. The Committee solicits your comments on the situation and any ideas you may have for generating revenue, reducing costs, etc.

* * * * * *

The Pool: It is planned to operate the pool this year in accord with rules and practices used in '85. Any suggestions on pool operations are also welcome. Final operation rules and practices will have to be distributed in the Spring, so please get your thoughts to us as soon as possible. /see tel. numbers on back page_/"

THE COFFER

Our note ($49,000) was due January 3, but we arranged a 60-day extension. When all assessments are collected we will have approximately $51,000.

REMINDER

Board meetings will be open to the membership. They will be held on the second Saturday of each month at 9:30 AM, generally at the Bannockburn Clubhouse, Bethesda MD (map was mailed to you). Up to an hour at the beginning of each meeting will be devoted to those issues or items that the membership wishes to discuss. Let the Secretary know (Dick Lehman, 301/229-3264) a week prior to the meeting so that the Board can be properly prepared. NEXT MTG. Feb. 8

IT WAS A DRY NEW YEARS...

In a memo to the Board, Operations Director Dick Minnamon writes:

"I received a call from Elmer Broxson while at Stan Bigelow's house -- it was 11 PM and Elmer said his renters were out of water. In checking with a couple of other houses, it was obvious that a major outage was occurring. I saw the New Year in, and at 12:30 AM headed for the Salmon Reservoir, and from there down to the Salmon Well, our sole source of water. The well pump was not running. After checking the circuit breaker and other above-ground equipment nothing more could be done in the dark. (I found out the next day that John Hobday, the Maintenance Head for CRI, had been out to our North Reservoir checking the rest of our systems.)

I contacted John the next morning, as Evan LeFever, the CMA Maintenance Man, was in Indiana for the holidays. John was already geared up and met me and my two helpers. John had a helper, along with a tractor and a pump puller. We worked all New Years' day pulling the 200' pipe, pump and motor. The motor had frozen so a used motor was installed, then everything reinserted. By 10:00 PM that evening most houses had water again.

On January 7 the new motor arrived and Evan installed it that day. This incident once again points out the precarious situation we find ourselves in when we continue to rely on only one source of water for the entire Mountainside..."

ABOUT MEMBERS

We thought we surely would have some joyous news from Barbara and Henry Lynn (I-1) before we went to press, but....not yet!

ABOUT MEMBERS (cont.)

Congratulations to Stephen Crane (P-2) on his marriage last summer to Jenii Chung.

FIRE PRECAUTIONS

On Sunday, the 5th, there was a small brush fire in the O-lot area (Bigelow, Dring, etc.). Stan Bigelow, Henry Lynn (now a permanent resident) and others managed to stomp/beat it out, but it serves as a reminder of the particular dangers we face from fire. The Board is arranging to have all chimneys inspected for exterior screens. In the meantime, please make sure that your home is so protected and make doubly sure that fire-place ashes are cold when leaving.

COOLFONT FOUNDATION

Only one event is scheduled as of this date: Saturday, March 22 at 8:30 PM the SHENANDOAH TRIO made up of faculty members from the Shenandoah Conservatory, will perform on piano, violin and cello at Coolfont's Manor House. The concert will be followed by an informal meet-the-artists reception. Admission free--tax deductible donations gladly accepted.

"DINING" AROUND COOLFONT

We note in the local paper that the Panorama Steak House and the Warm Springs restaurants are closed for the month of January. A new deli and well-stocked convenience store, Sheetz's, opened on the site of the old Dairy Queen/Tastee T.

OFFICERS AND GENTLEMEN

Listed on the back page for easy referral are the new Board members/officers and Committee and Task Group Chairmen. As always, you are encourage to get in touch with any of them if you are interested in participating.
