

"I've discovered that, to be happy, we must have something to do, someone or something to love, and something to hope for..."
A counselor, in a recent Post article

THE MOUNTAINSIDE NEWS

Volume 2, Number 1 November/December 1986

IMPRESSIONS AT THE ANNUAL MEETING

Leaves just turning...sightings of deer and wild turkey that morning ...meeting room at Treetop near-filled -- almost hard to find a seat...a good number of new members sighted...President Fox's shiny, new, very loud brass gavel and electronic timer (pretty effective at limiting speakers)...votes being collected in Giant grocery bags... Board member Henry Lynn temporarily baby-sitting 8-month-old Jacob at the dais...comments, during break, that, though meeting was controversial, there was a minimum of acrimony this year...and about how good it was to be there communicating in PERSON...at the end, almost everyone still there...huge coffee urn being tilted over to squeeze out a last drop...adjournment at ten-to-seven... but, as a member commented on the recent questionnaire, "democracy is a cumbersome system."

Postscript: As you all must know by now, the CMA/CDC Agreement was approved at the meeting by a vote of 73 to 26 -- 99 out of a possible 101 votes being recorded on the issue. The minutes will be mailed to you in a more timely fashion this year.

TRIBUTE TO DICK MINNAMON

Those at the Annual Meeting also heard a tribute to CMA member and Operations Manager Dick Minnamon, given by Board member Richard Buchanan. To those who may not know, Dick died during the summer after a long illness. As a year-round resident, he had pretty much single-handedly kept things going for us out there -- the water system, the roads. We will miss him immeasurably. He leaves wife Alice and two grown daughters.

TOWARD MORE MEMBER PARTICIPATION

Thanks to the 22 homeowners and 6 lot owners who have already replied to Charles Barrett's questionnaire regarding the structure and timing of future annual meetings -- and special thanks to the 10 who volunteered for committee work and to the homeowners who offered accommodations to lot owners for the annual meeting. Let's hear from the rest of you -- your comments are very helpful. More on the questionnaire later when final tabulations have been made. An immediate result, however, based on early returns, is that

THE 1987 ANNUAL MEETING
HAS BEEN SET FOR
THE SATURDAY AFTER LABOR DAY
SEPTEMBER 12, 1987
* * * *
Pool & Spa Open!

HEARING REQUESTED ON MOTION

The motion filed on behalf of a group of homeowners* to intervene in the lawsuits between CMA and CDC is scheduled to be heard on December 17. As reported in Don Fox's October 28 letter to you, the CMA/CDC lawsuits had been dismissed by the court before the above motion was filed. The Board has authorized our attorney, David Savasten, to respond to the motion, if necessary. We'll keep you posted.

* Arnold, Bigelow, Lancaster, Lehman, Minnamon, Rosenbaum and Sophar

FIRE AT GLANCZ HOME

You may have heard about the fire at the Glancz home last weekend -- apparently it began with a toaster oven. Fortunately the guests (renters) were able to put it out themselves with a hose that was still hooked up just outside the door, and damage was minimal enough for the Glanczes to resume renting almost right away. The local fire company was called and came in good time, but the fire was already under control. We asked Ron if there was anything the rest of us could learn from their experience and he said he was glad: 1) that some time ago they had brought the family phone back out from the locked closet in spite of concerns about renter abuse (there has been none); and 2) that the above-mentioned hose was available!

COOLFONT FOUNDATION

BRIAN GANZ, pianist
Sat., Dec. 20, 8:30 PM, Manor House

JOHN SPELMAN, storyteller (on NBC) Childrens' performance on Christmas day; adult performance, Dec. 26, Treetop House. Check with Coolfont for further details.

CAMERATA QUATTRO, quintet
Sat., Jan. 3, 8:30 PM, Manor House

Other goings on at Coolfont

10th ANNUAL MADRIGAL FEASTE, with Frederick Chorale, Sat., Jan. 10 at Treetop -- $35 for show and Elizabethan dinner.

NEW WATER LINE

The Board is pleased to note that CDC has run a new water line from P Well to the North Reservoir. This represents the first time in several years that CMA has had a useable second source of water, increasing appreciably the reliability of the CMA system.

A VERY AC-SEPT-ABLE OFFER

Septitrine, a compound for breaking down solids in septic tanks will be available from CMA at a reasonable price after the first of the year through the Treasurer, Charles Barrett.

GUIDANCE ON TREE CUTTING

It has been brought to the attention of the Chairman, Development and Architectural Control Committee, that CMA members are cutting down dead trees on their property and damaging healthy trees in the process. As guidance in the matter, I am reprinting for your information the passage from the CMA "Guidelines for Building at Coolfont," section "Specific Criteria for Individual Plan."

Trees: Large and small shrubs and trees are vital to the environment. Except where explicitly approved by the (Development and Architectural Control) Committee, no trees over six inches in diameter and no dogwoods of any size may be cut on the individual lot or on common ground. It should be remembered that all growth -- vines, shrubs, trees, saplings -- provides screening, shade, windbreak, cover for wildlife, and aesthetic value. It takes only minutes to cut a vine or tree, but years to grow one of appreciable size. It is vital to keep these facts in mind at all times when viewing your lot or adjacent common land. Once a mistake is made, it takes years to correct it.

All such requests should be sent to Alice Minnamon, Co-Director, Operations, who serves on the Developmental and Architectural Control Committee.

Don Fox, Chairman

LETTERS

Your letters and comments are invited. As we said in the first issue, write about anything on your mind--from the affairs of the Association to home maintenance tips for the winter to the celebration of the beauty of the mountainside. Next issue: about mid-January.

OPERATIONS DIRECTOR

Since Dick Minnamon's death, his wife Alice has been acting as Operations Director and, fortunately for the Association, has agreed to continue. She is assisted by Ms. Leslie Logue who has been working for us as a water system monitor for the last three years. Leslie lives nearby on Cold Run Valley Road, about a mile from Coolfont. For any problems in this area -- pool, water, roads -- call Alice (#'s listed on back page of newsletter).

COMMITTEE REPORTS

--Recreational Facilities: CMA has received 3 new nets (a $300+ value) as a gift from the Washington Invitational Tennis group which occasionally contracts to use our courts. The new nets have been retired for the winter, but two old ones have been left up for your use. Also: the committee is checking out the cost of resurfacing the courts with Har-Tru.

--From the Treasurer--DATELINE, Las Vegas, Nev. (only kidding...he never made it): We expect $52,000 in income this year. Over $27,000 has been lected in new assessments, and it is expected that we can reduce our $30,000 debt by $10,000 this year.

NEW MEMBERS/LOT SALES/CONSTRUCTION

Tom and Pat Sugrue (pronounced Shugrue) bought the "Snuggery" (B-3) from the Cathers. They live in Alexandria, Va., and have two daughters, aged 7 and 10. Tom is already at work on the Lawyers' Committee.

Stephen and Harriet Aug of Laurel, Md. bought lot P-3 and look forward to the completion of their home by Thanksgiving! They have children ages 16, 14 and 12.

The Kisners have sold their home (A-1) to Dwain and Shirley Place of Winchester, Va. The Places have two grown daughters, 23 and 24.

Andrew and Vicki Whiley bought lot K-5 from Donald Bronkema. They're from Rockville, Md. and have two children, 13 and 16. They hope to build in the near future.

Lot A-5 has been sold by the Smiths to Martha Ashelman; and lot N-4 by the Landbergs to Stephen Crane.

The Amoroso's home (L-5) should be "under roof" soon.

BOARD MEMBERS, OFFICERS, ET AL

Listed on the back page for easy referral are the new Board members, officers, committee chairmen and others, with their home phone numbers. As always, you are encouraged to get in touch with any of them if you are interested in participating.

REMINDER

The next Board meeting, open to the membership as always, will be held Saturday, January 10, 1987, 9:00 AM at the office of Charles Barrett, 8719 Colesville Rd., Suite 315, Silver Spring, MD, Phone: 587-0422.
