THE TREASURY

Last year's $30,000 note was paid off so that we could avoid paying interest on it for the entire fiscal year. We knew, of course, that we would have to borrow again (a reduced amount) to meet our operating expenses for the balance of the year -- the Treasurer has set that note amount at $20,000.

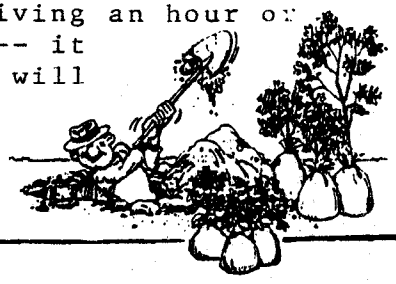

The Board is keenly aware of its stewardship responsibilities for CMA funds and recognizes the overriding need to reduce our debt structure. Therefore, it is structuring the capital improvement program with improvements to the water system as the #1 priority and the reduction of the debt and maintenance of the roads also at very high priority levels. Further, the Board is very cognizant of the investments CMA has already made in capital improvement, including the tennis courts, and of the fact that we must not allow them to degrade to an unacceptable level. THE TREASURY (cont.)

Our thanks to Operations Director Alice Minnamon for loaning the Association $1000 to pay for a new pump over the winter during a cash crunch -- just one example of the countless individual contributions to our common welfare that go on all the time, usually unheralded.

BOARD INVITATIONAL "PLANT-IN" -- Let's Pool our Resources

Those of you who have seen the pool area lately know that a little attention to landscaping would go a long way. To get started, a portion of the $500 mentioned (p. 2) will be used for the prudent purchase of plantings, etc. and the Board invites you to join them SATURDAY, JUNE 13 for a plant-in at the pool. We'll gather for lunch (BYO) at the barn, then dig in about 1:00 at the pool. You might bring a steel garden rake and/or garden shovel if convenient. (We'll also be re-blazing trails if possible) ELMER BROXSON will be coordinating the effort (301/333-8872). Please consider giving an hour or two of your time -- it should be fun and will make a BIG difference!

TENNIS COURTS/POOL

The courts need work. At its last meeting the Board considered various proposals regarding their repair -- from short-term cosmetic patching (costly in itself) to complete overhaul, which will definitely be necessary in a few years. Given the financial condition of the Association and the continued water system costs we foresee, the Board is recommending that we defer any improvements to the courts this year. It is also recommending that we limit capital improvement expenditures on the pool to $500. A portion of that $500 will be tapped for start-up landscaping (see page 1).

TENNIS PLAYERS and other interested members who have questions or comments are urged to come to the June 13 meeting of the Board at Coolfont, 9:00 AM, where final decisions will be made on these matters.

NOMINATING COMMITTEE

The following committee to select nominees for the Board of Directors has been formed:

Mansfield Kaseman, Chair-301/279-2599

THE COOLFONT FOUNDATION FOR THE ARTS

YOU'RE A PART OF IT!

Yes, as a CMA member, you are a part of the Coolfont Foundation. If you purchased your lot directly from the Coolfont Development Company, $350 of the lot price went as a tax deductible donation from you to the Coolfont Foundation. In turn this endowment, along with other generous donations made by CMA members, has provided the funds for many fine programs over two decades.

The Coolfont Foundation, Inc. was organized in 1967 exclusively for charitable and educational purposes to include the development of the creative arts aimed at enriching the cultural life of the residents of Morgan County.

Its founders included Alden Capen, Rosalyn Capen (its original Artistic Director) and Sam Ashelman who collectively also began what we know as Coolfont. Since that time Coolfont has been alive with music, drama and art throughout the years. Music from Bach to Bluegrass has been heard in performances of piano, string quartets, trios, duos, woodwind quintets, classical guitar, vocalists and folk music. Baroque music, theater, painting classes and art exhibits are continuous projects.

Artists-in-residence have included sculptors and painters who are given housing, studio space and an opportunity to work and sell. In turn, they hold informal discussions, classes and host National Gallery of Art films with guests and area residents.

The Coolfont Foundation has also had a long term association with the Shenandoah Conservatory of Music in nearby Winchester, Virginia. Outstanding faculty members and promising students have performed. The Kennedy Center's American College Theater Festival also brings to Coolfont its top college actors each summer for a two week career development seminar under the auspices of the Coolfont Foundation.

The Coolfont Foundation's Student Assistance Fund has helped talented Berkeley Springs youngsters continue their pursuit of careers in the arts. Benefit concerts have been held featuring these young performers with all proceeds going to further their studies.

"Coolfont's atmosphere has been an attraction in getting top notch performers to come here" according to Jan Oehme, the Foundation's artistic director since 1979. Often they perform here on their way to other engagements or to try out new programs. Many of them have performed at the Kennedy Center, Carnegie Hall or Lincoln Center and find Coolfont's relaxed atmosphere refreshing.

COOLFONT FOUNDATION PATRONS

Many thanks from the Coolfont Foundation to the following CMA members who helped make possible in 1986 dozens of concerts, lectures, artists in residence, and the National Gallery of Art film series. This help came both in the form of cash contributions and providing housing for artists during their stay at Coolfont.
