CMA MAILING

Everyone should have received a mailing from CMA, postmarked around June 2, including: a) a covering letter from the President; b) a copy of a proposed amendment to the Memorandum of Agreement between CMA and CDC; and c) a copy of the Agreement itself. If you have not received this mailing, please contact the Editor.

ON THE MOUNTAINSIDE

--Following recommendations from an engineer engaged to evaluate the condition of the Barn, we will begin work on the foundation and roof. Other recommended work will be scheduled as funds allow.

--The paving contractor has finished patching the roads (everything marked and more) and the tennis court base (now "of professional quality" he says). In addition, he made us a gift of new posts and four new nets. And, after a hold-up due to the torrential rains before Memorial Day weekend, final finishing has been applied and the courts are now ready!

NEW MEMBERS/SALES

A warm welcome to Jim Kell, Coolfont's manager, and his wife Lennett, who bought a home on the mountainside (M-4, formerly the Hall's) from John and Margaret Dowling (not to be confused with Bob and Sally Dowling, K-16) John and Margaret will now be building on P-7. Got it?

And warm welcome also to David and Kate Welch of Arlington, Va. who bought the home under construction on N-4 from Martha Ashelman which they'll call Camp David!

And to Mr. and Mrs. Paul Kagan of Silver Spring, Md. who bought the new home on A-5 from Martha Ashelman.

GLASNOST COOLFONT STYLE

At the invitation of CMA President, Don Fox, Sam Ashelman attended a CMA Board meeting (June 11) for the first time in several years. He brought the Board up to date on new developments at CDC/CRI.

Highlights: Last year was "best financial year" ever; new financing arrangement will enable some refurbishing and a series of additions, including indoor pool and 20 chalets up near the Hillside Hideaways (construction of these may begin as soon as next month); new financing may also involve a Berkeley Springs UDAG grant and a limited partnership arrangement (Note: CMA members may be receiving a mailing from Sam with literature about investment opportunities in this limited partnership); he is negotiating for grants to establish a summer music school at Coolfont; CBS is filming Coolfont's anti-smoking program this weekend for a segment on its "48 Hours" show.

There was also an exchange of information about our respective operations and discussion about the on-going implementation of the Agreement. At the end, the Board and Sam agreed that, in implementing the Agreement, they will try to keep in regular touch, informally, to prevent problems from escalating and to help avoid confrontation.
