YOU'LL DIG THIS WEEKEND! 4th Annual "Plant-in" and Dessert Social with Speaker

It's hard to believe, but it is almost time for the 4th Annual CMA "Plant-in" (to new comers: a weekend when members are invited to volunteer a few hours to spruce up our common land). This year it will take place on the weekend of May 5th They'll be a 9:15 AM Board meeting at the Barn on Saturday before we begin work around 10:30 AM. Lunch will be provided for the volunteers at a Board member's home. REMINDER WITH MORE PARTICULARS WILL BE SENT.

At 7:30 Saturday evening, members are invited to a dessert social at Vince Amoroso's home (L-5: "Numbers") and an evening with John Douglas, local historian, author of several mystery books incorporating local background, and news editor of the Morgan County Messenger.

NEVER FEAR, TENNIS PLAYERS...

The contractor will honor his guarantee and correct that surface flaking when weather conditions are [redacted]

SEPTEMBER '90 ANNUAL MEETING

The Board is considering scheduling the September '90 Annual Meeting for Labor Day weekend (Saturday, September 1). And, since the July 4th holiday this year falls at an awkward mid-week time, the Board would move our "traditional" July 4th picnic, tennis tournament and games to that same weekend. If you have any thoughts on this, call any Board member or the newsletter editor.

NOMINATING COMMITTEE BEING FORMED

At this year's Annual Meeting in September we will revert to our previous practice of presenting a slate of Board nominees for approval, rather than asking people to "run". [redacted]

ASSISTANT TO THE TREASURER

Anyone interested in assisting with the bookkeeping activities of CMA and in learning the financial aspects of the Association should contact Don Kredel, tel. 703/522-2385. Activities include record keeping for assessments and expenses of the Association and the preparation of financial statements.

MEMBERSHIP QUESTIONNAIRE

Thanks to all those members who returned the membership questionnaire attached to November's newsletter. This information will help to fill out our records.

You can imagine the range among us--from actuaries to set designers, from symphony orchestra members to marriage counsellors, from TV commentators to physicists, and of course many teachers, lawyers, ministers and doctors. Most families have grown children, but there are several with young ones (who, incidentally, might be interested in the following comment from Karen Lockyer (E-1, 301/530-8311)

"Our daughter (16) is interested in baby sitting when we are at Coolfont..."

Another suggestion from the Lockyer's you may want to take up with them is the setting up of carpools from work on summer weekends to avoid having to bring out two cars.

A NOTE ON SECURITY

The mountainside is still being patrolled by a security guard and coverage has been broadened to include more specific and thorough patrolling of the pool, barn, tennis courts and lagoons.

SALES/NEW CONSTRUCTION

Welcome to Katherine and F. Gale Connor of Luthersville MD who bought the home on K-6 from the Gilmores... and to Susan and Stan Brooks-Gordon of Silver Spring MD, who bought G-5 and 6 from S. Bellamy/G. Bumbray in January. Their new home, on lot G-5, is already under roof!

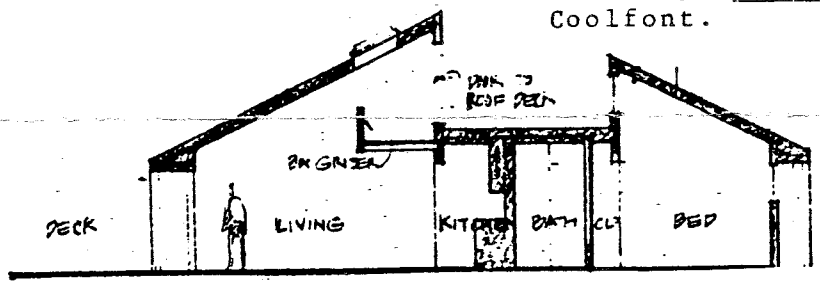

The Yinglings (J-2) have also begun construction.

CONGRATULATIONS TO THE NEW GRADUATES

Efforts continue to upgrade our water/sewer system and to insure that the systems in the new development areas meet State standards and the terms of the CMA Agreement with the developer. In that connection, we are pleased to announce that Dwain Place (A-1) and Elmer Broxson (H-8), who assist with Operations, volunteered their time to attend a four-day Dept. of Health course and are now "certified to operate a small water treatment facility in the state of West Virginia."

COMING BOARD MEETINGS

Saturday, April 7, 9:00 AM at the home of Donald and Carol Green, Chevy Chase MD.
Saturday, May 5, 9:15 AM, the Barn, Coolfont.

THE BENEFIT OF YOUR EXPERIENCE...

The Board would like to draw up a list of members who were involved in the building of their homes at Coolfont and who would be willing to be available to share the benefit of their experience with lot owners contemplating building. Please call the Editor or mail the tear-off slip below.
