

THE MOUNTAINSIDE NEWS

April 1991

MOUNTAINSIDE POTPOURRI

The CMA Board is in urgent need of a Treasurer. Don Kredel, who has served diligently and competently, has to give up the office, and we must find a replacement immediately. The duties are NOT COMPLICATED. The system is in place; the numbers just have to be plugged in. If you can balance your check book, you can be CMA Treasurer. Please call Jim Bradfield (301/984-9657) to sign up. Thanks!

The dry fire hydrant has been installed on the Lake Siri side of Cold Stream Road and Herbert Quick Drive. Members may want to measure the distance from the hydrant to their houses (using their car odometer) and then advise your insurance company. Currently, it appears that this installation has no effect on insurance rates, but the information should be on file with your insurance company.

It has been reported that trash has been found discarded in the small wooden sheds alongside the road, used to hold sand for icy conditions on the roads. Please inform renters or guests that these sand sheds are NOT trash receptacles, and that trash should be disposed of in proper trash containers. Thank you.

Please Mark Your Calendar: The CMA Annual Meeting will be held Saturday, August 31, 1991.

The Mountainside News is published at least quarterly by the Coolfont Mountainside Association, Rt. 1, Coolfont Rd., Box 21, Berkeley Springs, West Virginia 25411. Editor: Sarah H. Hay, 7930 Brink Road, Gaithersburg, Maryland 20882; phone (301) 926-7007. Letters, comments, and literary contributions are welcome.

YOU ARE INVITED....

The May Board meeting will be held in the barn at Coolfont on Saturday, May 4 at 9:30 a.m. Immediately following the meeting (around noon), everyone is invited (urged) to participate in our annual CMA clean-up, fix-up, plant-in of the Mountainside area. Lunch will be provided at Jim Bradfield's house (3 Oak on N-3). This is a wonderful opportunity to become acquainted with your Mountainside neighbors while making your surroundings beautiful. The more helpers joins us, the more fun it will be. Bring your work gloves, some plastic trash bags, any gardening tools you may have (make sure they go home with you when the party's over), and a good muck-in-the-dirt pick-up-the-cans attitude.

See you all there!
