

THE MOUNTAINSIDE NEWS

July 1993

From the President . . .

. . . by Jim Bradfield

The Board has received responses to its letter of May 18 regarding the future of CMA from approximately one-third of the membership. While the Board members are reviewing the responses, a separate review is being conducted by a small team of CMA members who will report back to the Board with a synthesis or summary of the membership responses. This will allow the Board to prepare a report for the general membership, hopefully in time for the Annual Meeting.

* * * * *

Please note that the **Annual Meeting** will be held on Saturday, September 4, at Coolfont. While the agenda is not complete, it will include the appproval of the FY-94 budget and the election of three seats to the Board. Lon Dring is the Chairperson for this year's Nominating Committee. Members who want to serve on the committee or are interested in serving on the Board itself should notify Harry Birnkrant at (301) 299-6406. Lon will be out of town during part of July. A slate of nominees should be ready by the beginning of August.

All homeowners have been sent their six month **water bill.** This initial exercise has already helped two members determine that they have a probable leak somewhere in their service connection line. Additionally, the Board now has a better understanding of water usage by the members and their renters. The Board has decided that periodic readings will be taken (probably monthly) until a full year's experience has been completed. Homeowners will be advised of any unusual or large readings. The DACC has prepared the following for homeowners' information:

- First, test the meter. Read the meter; then fill a 5-gallon bucket and read the meter again. It should register the additional 5-gallon output. If the meter is not working or is inaccurate, replace the meter.
- Second, with the house unoccupied, read the meter twice in a 12 to 24 hour period to see how much water is being lost.
- Third, turn the water off at the valve inside the house but not at the water meter. Turn a faucet on in the house to make sure the inside valve is working. If it is not, have it repaired or replaced. Then repeat the second step.
- And fourth, if the service connection line is leaking, have a plumbing contractor repair or replace the line. The cost will depend on the time it takes to find the leak and the time and materials it takes to repair the leak.

If you have any questions, a member of the DACC may be able to help:

Don Fox -- (301) 869-0023

Alice Minnamon -- (304) 258-5352

Dwain Place -- (703) 667-5452

Elmer Broxson -- (202) 333-8872

Gale Connor -- (304) 258-3975

(Continued on next page)

Homeowners are reminded again that they are responsible for the integrity of their **individual water lines** from the water meter/valve at their connection to the CMA water distribution line to their home.

* * * * *

The Board has agreed that any use of the **Barn** for social or community activities will be limited to CMA members and families. The commercial use and the income derived from such use is negligible when compared to the costs involved in pre-set-up, post-clean-up, and insurance considerations.

* * * * *

Your **annual assessment invoice** is included with this newsletter. Members are reminded that there is now a $50 late penalty fee that will be charged on 1 August for any account overdue. Simple interest at 3% above prime (currently totaling 9%) will be added to any account delinquent after 1 September.

* * * * *

We anticipate that the **North Loop Road repairs** will begin soon after 1 July. The contract has been signed by CMA and CDC with the request that the repairs be scheduled as soon after 1 July as possible.

* * * * *

The **"S" section road** has not yet received final approval by Morgan County. The water and sewer line trenches have been dug, and the lines are being installed.

Please Note:

ADDITION to CMA membership list:

- **Kurt and Patricia Schenk, R-1; 6161 Summer Park Lane, Alexandria, VA 22310; Home phone - (703) 719-7244**

CORRECTIONS:

- **Stephen Aug - home: 8005 Ellingson Dr., Chevy Chase, MD 20815; (301) 588-2262**
- **William Boyden - home: (301) 839-5343**
- **Lewis Brogan - home: (301) 577-7720**
- **John and Maggie Dowling - home (Q-4): 2 Coolfont, Berkeley Springs, WV 25411; (304) 258-6343**
- **It is Jonathan Ormes, not Jonathon**
- **David Silver - home: 9410 Brooke Dr., Bethesda, MD 20817.**

Don't Forget: CMA Annual Meeting, September 4, 1993
