or
National Cancer Institute
Financial Management Branch
Bldg 31, Room 11A16
Bethesda, MD 20892
or to the charity of your choice.

NOMINATING COMMITTEE NAMED

Four CMA Board Vacancies to be Filled

The members of the Nominating Committee were approved by the Board, and will immediately begin seeking candidates to fill the four CMA board positions opening this year. Any CMA member who would like to volunteer some time and energy for the betterment of our mountainside and our association should call any member of the committee and let them know of your interest in running.

The Nominating Committee is chaired by Dick Lehman, with members Kitty Connor, Ed Neill, Harry Birnkrant, Pat Schenk and CMA Board member Harry Radday.

The positions that are up this year are now held by Jackson Bain, Marvin Steinberg, Jonathon Ormes, and Harry Radday. Some of these members may decide to run for office again.

Give a little time and get a better mountainside; consider running for the Board.

Meet Our New CMA Administrator: Bob Lemon

CMA has a new Administrator to help keep our business and regulatory affairs organized, on schedule and on track! His name is Bob Lemon, and he and his soon-to-be wife Linda are the principles of the Nomel Corporation, a multi-state home inspection service located in Berkeley Springs. He will oversee the day-to-day administrative requirements of our growing organization, and help make certain all the right paperwork is handled by the right CMA volunteers. He will also work with Operations Manager Alice Minnamon in the overall daily management of the community.

The job of CMA Administrator was first proposed and described by former CMA President Arleigh Greenblat, who wrote the original job description. From that concept, ads were placed in newspapers around the area, and more than fifty resumes were received. Harry Radday, Sandy Bain, and Jackson Bain reviewed the resumes, and each selected semi-finalists, from which five finalists were selected and interviewed. Bob Lemon and the Nomel Corporation won the stiff competition!

In addition to handling CMA's increasing administrative duties, part of Bob's value is that he will provide our "office" in Berkeley Springs, complete with a new Coolfont mailing address (see below), a place to keep all our records and files, and to centralize our business activities. Welcome, Bob and Linda!

CMA HAS NEW MAILING ADDRESS

Coolfont Mountainside Association
P. O. Box 418
Berkeley Springs, WV 25411

No, the Coolfont Mountainside Association hasn't moved! We have acquired a post office box in downtown Berkeley Springs to facilitate daily mail pickup and quick response to our increasing administrative demands.

We will be moving our billing return address for water and sewer and CMA assessments to this address, and you will be notified of that change on your next water or assessment bill. In addition, this box will become our legal address for the government agencies and commissions with which we correspond. The Administrator and the President will have keys to the box.

If you have questions, comments, and opinions to send them to CMA at our new official mailbox!

MEMORIAL DAY FUN AND FELLOWSHIP!

by Tim Black
Recreation Committee Chair

ANNUAL CLEAN-UP AND PICNIC!

Reviving an old tradition, we will combine business with pleasure on Saturday, May 25th. Meet at 9:30 a.m. at the swimming pool. Bring work gloves, any tools you have around such as clippers, rakes, and also bring eats for the picnic. Depending on how many CMA members show up, we will split up into groups to perform "spruce up" chores around the pool and other common areas. At about 12:30 p.m., we will break for a picnic lunch by the pool.

TRAIL HIKE AND OBSERVATION!

On Sunday, May 26th, a group of us who are concerned about the condition of our hiking trails will take an observation hike on the Blue and Green trails. As we hike we will keep our eyes peeled for maintenance needs (trimming, trail repairs, water dams, clearing, etc.) and will make notes. At the end of the hike we will compare notes and make a plan for getting the necessary repair work done.

Those who love to hike and are regular or occasional users of our hiking trails should plan to come. This is a chance to get to know some fellow hikers as well as to do something about the state of our trails.

Meet at 9:30 a.m. at Tim Black's House, Black Forest (K-9) (304) 258-4801.

"T" Section Work Underway After Long Winter

The work to build the road in the new 8-lot "T" section has begun again after the halt caused by the rough Winter of '96. The road that has been built has come under much discussion from CMA members who have seen it. Some have wondered about its width, but President Jackson Bain and Vice President Carroll Yingling reviewed Morgan County Planning Commission rules, and determined the width of the road in all sectors seems to be within the Commission's regulatory requirements for providing adequate sight-lines around sharp turns. At its highest point, the new road will connect to the CMA construction road to allow building the new large reservoir that will service most of the Mountainside's water needs.

COVENANT UPDATING VOTE TO BE TAKEN

The CMA Board at its May meeting unanimously voted to submit a list of updating revisions to the CMA Covenants to the membership. These revisions are intended to make the Covenants more applicable to the community today, and will remove outdated language from the document. The CMA Board also voted unanimously to recommend approval of these changes. The opportunity to revise the Covenants, according to our West Virginia legal counsel, can be made at any time, but these changes can not take effect until three years have passed after approval.

Members will be sent a ballot listing the recommended changes, with blocks to vote 1) Approve all revisions, or 2) Approve all revisions with the exception of ____.

Don't Forget!
Next Board Meeting:
Saturday, June 1, 1996
9:00 a.m.
Davis Memorial Library
Bethesda, MD
