# SPECIAL EDITION OF THE MOUNTAINEER

Instead of putting out a regular newsletter this quarter, I am enclosing a form to be filled out by the membership so that I can update the phone directory. In this newsletter you'll find a message from our President, Frank Rutherford, and some tips hints from our Operations Manager, John Hobday, as well as a list of board meetings and pot lucks. Please send back the enclosed form as soon as possible. Thanks, Mary Ann Siushansian

## PRESIDENT'S REPORT

November 1998

My first three months as your board President have been enjoyable. The number of trips I take to the mountainside have increased from maybe once a month to almost twice a week. During each trip I have met more people from the mountainside. I am always amazed by the diversity of backgrounds we all come from, and yet we all find peace and solitude at our homes on the mountainside. Even though we may not all agree all the time on issues involving the mountainside, I do feel that we all respect one another and enjoy our friendship with one another. This special spirit was very evident at the last board meeting and pot luck dinner. Jim Lancaster, a former board President from long ago, arrived at the board meeting. Since he is now stationed in Africa, he has rarely been seen on the mountainside. Much of the next several hours were spent by Jim and his old friends getting caught up on old times. It was a very heart warming experience for me.

At the first board meeting I listed 10 goals for the board this year. I have listed them below so you can see what the board is focusing its energy on this year. Much of this work will be done by the committees. I have also listed the committee chairs so you can contact them with any input or to offer your help on a mittee. As a board we can only make decisions based on what input we receive from the members. Please help us make well informed decisions by letting us know your feelings by writing to us or attending board meetings.

I believe that the operations on the mountainside are going very well. Much of the credit for this should go to John Hobday, our Operations Manager. He works very hard at keeping the mountainside running and most of us never see him to say thank you. If you see him, please let him know what a fine job he is doing.

Goals for 1998-99 Board (not in any order)

1. Completion of bathhouse at pool
2. Completion of office in barn
3. Snow removal question
4. Completion of water upgrade
5. Security for the mountainside
6. Water-sewer rate reduction filing
7. By-law, covenant changes
8. Monitor expansion of CRI
9. Functioning DACC
10. Incorporating "T" section into CMA

Committee Chairs

Water Systems - Lee Weinberger
Recreation - Elaine Anderson
Communications/Social - Rosemary Bigelow
Security - Jackson Bain
Ad Hoc - Coolfont Expansion - Jim Thompson
DACC - Richard Kaufman

All of the committees need volunteers to help. Why not give a chairperson a call and offer to help.

# TIPS FROM JOHN HOBDAY

Here are some tips and hints from our Operations Manager, John Hobday. Please pay close attention to these as they can end up saving everyone time and money in repairs.

1. Shut foundation vents for winter
2. Disconnect water hose from outside spigot
3. Turn off main water valve when leaving if home is not a rental. Drain water from lowest faucet in house
4. Install water filter
5. Toilet tank cleaners (chlorine, such as those drop ins), will distort rubber flapper in water tank causing them to leak
6. Rental homes or homes with small kids should keep mouse poison where kids can't find it
7. Install outside sign or sticker on window even if you don't have an alarm system. It keeps people thinking twice about breaking into your house
8. Install a security bar ("Charlie bar") in center of sliding glass doors. It takes only a few minutes to remove a stick or broom handle that is laid at the bottom of the door
9. When home is taken off CRI rental program, change the locks on your house
10. Install timer and plug in a small lamp or radio near a window in a bedroom
